

Regulatory Affairs Specialist (m/f)

Mylan is one of the world's leading generics and specialty pharmaceutical companies, providing products to customers in approximately 145 countries and territories. The company maintains one of the industry's broadest and highest quality product portfolios, which is regularly bolstered by an innovative and robust product pipeline. With a workforce of more than 30,000, Mylan has attained leading positions in key international markets through its wide array of dosage forms and delivery systems, significant manufacturing capacity, global commercial scale and a committed focus on quality and customer service. At Mylan, we mean it when we say we work every day to provide access to high quality medicines to the world's 7 billion people. If you are unconventional, relentless and passionate. If you believe in doing what's right, not what's easy. If you are a 'doer' and have a passion for serving others, we want to talk to you.

Regulatory Affairs Specialist (m/f)

Location: Sarajevo

Contract type: Temporary (replacement for maternity leave) / Fixed term

Make a Difference

At Mylan, each person has the ability to make a difference. From the providers who sell and market our products to the producers who develop and manufacture them and finally to our business partners who support the providers and producers, we all have a mission critical role. Here's how this role will help:

Core Job Responsibilities:

- Registration of new products
- Maintaining current registrations according to global and local procedures of Mylan and local laws and regulations
- Regular communication with Health Authorities in Bosnia and Herzegovina
- Preparation of local packaging materials in line with local regulation, and in close cooperation with Logistics Manager and production sites
- Maintaining on daily basis regulatory documentation in local/central repository and monthly regulatory reporting of regulatory activities
- Active role in New Product Introduction Team in terms of planning, coordinating and monitoring that everything is according to the product launch plan
- In addition to regulatory responsibilities this person will be Affiliate Safety Representative fulfilling pharmacovigilance obligations towards Health Authorities and Mylan Global PV Team, in line with local pharmacovigilance requirements and in line with Mylan policies and procedures

Qualifications:

- University degree in Pharmacy
- Experience in the same/similar regulatory positions is preferred
- Excellent knowledge of English language
- Solid PC skills
- Ability to perform in stretched situations
- Willing to learn and develop
- Valid driving licence
