Synergy Basketball Logger (m/f)

Work for the top international Sports Video Scouting Company tagging plays from basketball game video.

Use your home computer. Receive competitive pay.

Developed by coaches for coaches, Synergy is used by every NBA team, plus hundreds of international and college teams, to scout players, teams and games. Synergy Sports Technology logs basketball games in extreme detail according to professional coaching criteria. Subscribing coaches and teams receive in-depth stats and analytics with direct links to streaming video matching any stat in any category.

If you meet the requirements listed below, you may be eligible to become a Synergy Basketball Logger:

- Able to work from home
- Own a newer PC computer with Windows 7 or 8
- Have broadband Internet of at least 2-3 Mbps
- Familiar with the game of basketball
- Write and speak fluent English
- Willing to work 8+ hours on Sundays

Synergy Basketball Loggers are organized, motivated, dedicated and know how to use a computer. To apply to become a Synergy Logger, first fill out the Online Application and then take the Basketball Knowledge Assessment.

Part-time and full-time positions available.
